

Hello, South San Francisco Homeowners!

Dreaming of adding an ADU to your home?

Bright in Your Own Backyard South San Francisco is a new ADU program that can help you turn your dream into a reality. Participating homeowners will receive up to 100 hours of free feasibility and project management support from nonprofit Hello Housing to help them navigate the dizzying process of designing, constructing and renting an ADU or Jr. ADU.

At NO COST to you, *Bright in Your Own Backyard* will:

- ✓ Perform a feasibility assessment of your property
- ✓ Help you shape your vision for your ADU or Jr. ADU
- ✓ Coordinate design, cost estimating, & contractor selection
- ✓ Shepherd your project through the permitting process
- ✓ Provide construction project management
- ✓ Connect you to landlord training and tenant matchmaking

Turn your “I might do it someday” into “Let’s do it today!”

I want to add an ADU unit to my single-family home in South San Francisco.

I am motivated to get started, but could use support and guidance from a trusted partner throughout the process

I believe I have the financial capacity to afford the cost of adding a new ADU
